## Services provided

**Dispensing** - we dispense NHS and private prescriptions

**Repeat Dispensing** – this is a new scheme where the doctor can issue batches of prescription for up to a year for suitable patients. Please ask for information on this service

**Medicine Containers** - all medicines are dispensed in child resistant containers unless you request us not to. Please remember: keep all medicines out of reach and sight of children.  
Our pharmacist can advise you on safe storage of medicines.

**Unwanted Medicines** - please return all unwanted medicines to the pharmacy where we will dispose of them safely. Unfortunately we cannot dispose of "sharps" (for example diabetics' syringes and needles). Please contact you Local Authority for this.

**Health Advice and Self-care** - the pharmacist and our trained assistants are available for advice on all medicines and minor ailments, in private if required. We can also give you advice on how to live a

healthy life, for example, advice on how to stop smoking, or healthy diets.  
We can direct you to other sources of advice and assistance if we cannot help you ourselves.

**Patient Medication Records** - our computer allows us to keep records of all your prescriptions dispensed by us. This helps us check for possible problems, such as reactions between medicines and will help us deal with any queries you may have.

We comply with the **Data Protection** Act and the NHS code of practice on confidentiality
